Angel

Angel has since been adopted by Daniel and family. She is now living it up in a nice apartment in town and enjoys playing fetch with her favourite purple stuffed toy.

Lila

Lila is still looking for a home to call her own. She is a calm, gentle and mild mannered dog. We hope to be able to find her a home to call her own very soon.

Arthos

Arthos has made rapid improvement on the lead. He is steady and calm. Arthos is not reactive when there is minimal stimuli so we hope a home with a similar quiet environment will come by some day.

Mei Mei

Mei Mei has bounced back well from her recent elevated kidney values. She is a pampered pooch and well loved by Shella and Sean, her foster parents.

Primrose

Primrose still fears thunder very much but is otherwise happiest when the sun is out. She loves long walks and belly rubs in her free time!

Harry

Harry is doing very well on his no pull harness and loves long walks and strolls with his favourite humans. He still does not do well with strangers.

Wiseman

Wiseman is on homestay after spending 5 years at the CAS Adoption Centre. We hope he has found his forever home with Cornor and will keep our fingers crossed!

Ah Leng

Ah Leng remains very nervous and worried around new faces. She is otherwise very happy and calm if it is someone she knows.

Courtney

Courtney loves cuddles and pats now. She has also discovered a soft spot for using towels as bedding. She still enjoys the outdoors and remains a big fan of mud.

Dash

Dash is still a giant energy bunny. He loves running around and playing fetch. He enjoys long quiet walks and is very nervous about some of the recent construction.

CAS Dog & Cat Updates – Oct 2020

Sandy

Sandy has made lots of friends this year and is gradually widening her social circle to include more humans. She loves being around Courtney and going for little adventures in muddy puddles!

Sammy

Sammy's skin has made much progress. This old lad loves his romps in the field and his favorite activity is rolling on green grass off lead.

Jewel

Jewel is fostered by Perrine and Dory. She continues to do well with them and enjoys long walks in a park nearby.

Nina

Nina is coping well with Cushing disease. She still loves her meals and bed. Nina is also a big fan of Vitamix treats.

Elizabeth

Elizabeth now has kidney failure. However, the lucky lady is enjoying her retirement with Shawn in a nice home setting!

Bullet

Bullets has had a tough September due to the recent wet weather. He is happy to go on walks but otherwise very panicky when it storms. If it isn't a wet day he enjoys snoozing.

Mel

Mel is still very nervous and very much a flight risk when new people are around. She only comes up for treats to ladies she knows.

Jillibee

Jillibee has since found a home with Zhilin and her husband. After five long years in CAS, he now thrives in his new home environment. He recently went for a lump removal but has since

Elvis

Elvis is now a little slimmer. He has been on Rose Hip Powder and that has seemed to help him walk steadily. He is more enthusiastic about the walks as he feels lighter we guess!

Fokker

Fokker has warmed up to new volunteers. He has found friends in a few people he trusts and we hope to gradually increase this with lots of positive association.

Bindy

Bindy remains wary of new people and cannot be trusted to be handled by new volunteers at this point. She is happiest to see the 3 people she loves. In her free time, she is always busy with a KONG toy.

Gimmy

Gimmy recently hurt her leg and experienced a slight sprain. She still remains pretty much the rebel and enjoys rough housing with Dash.

Lucky

Lucky has since found a long term foster mum with Allison. He enjoys lots of long walks as he conducts neighbourhood surveillance. He is still very much a big eater.

Macy

Macy has been adopted by the amazing Stan and Debbie. The duo were looking to welcome another canine companion home and found love with Macy. We thank them for adopting!

Russ

Russ has been adopted by Diane and Marc. He is now enjoying nice evening strolls at Bedok Reservoir. A far cry from the tough life on the streets.

Milan

Milan has been adopted by Pamela. He is now enjoying lovely hangouts around the quaint neighbourhood of Ghim Moh. A far cry from the tough life on the streets of Tuas.

Siam

Siam is still well cared for by Felicia and her mum. She remains in foster care due to her respiratory issues.

Nala

Nala was rescued from a shipyard. She is gentle and playful. Nala is litter boxed trained and enjoys cuddles.
