

CAS 'Bark & Purr' Update Show Your Love...Adopt or Sponsor Our CAS Adoption Shelter Dogs & Cats

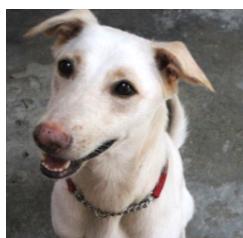

Arthos

Arthos thrives in an environment where distractions are few. He continues to do excellent on the leash and is guarding his food and toys a lot less which is great. We hope for a home real soon!

Lila

Lila is still looking for a home to call her own. She is a calm, gentle and mild mannered dog. We hope to be able to find her a home to call her own very soon.

Primrose

Primrose has not been enjoying the rain of late! She has a fear of thunder and spends most of her time on the bench

Mei Mei

Mei Mei is not doing well of late. Her kidney values are elevated and she is at the last stages of Kidney failure. She is well loved by Shella and Sean, her foster parents, we wish them all well.

Ah Leng

Ah Leng loves the long walks she gets from volunteers and has been very happy to receive all the yummy Christmas treats. She is definitely quite the foodie!

Harry

Harry loves his long walks. He has widened his circle of friends but it remains small and we are still cautious with the introduction of new people to prevent accidents.

Wiseman

Wiseman is on homestay after spending 5 years at the CAS Adoption Centre. We hope he has found his forever home with Connor and will keep our fingers crossed!

Mel

Mel is warming up more of late possibly due to the yummy Christmas treats we have been receiving. She is still yet to walk on leash but we will get there we hope!

Courtney

Courtney loves her new walking route, an empty field of which was cleared recently. She also loves the puddles and mud on wet days.

Dash

Dash enjoys taking the squeaky out of his squeaky toys. He has been a little ruffled by the construction work of late but is otherwise a happy boy!

CAS Dog & Cat Updates – January 2021

Sandy

Sandy has been oddly enjoying her walks in the wet weather. The last we expected of her but again this little lady has proved us wrong. She loves being around Courtney and the duo are inseparable.

Sammy

Sammy has had to have one of his eyes removed in a surgery due to a Cancerous growth. He will soon undergo Chemotherapy.

Jewel

Jewel is adopted by Esther and Daniel. Her long wait for a forever home has paid off! She now enjoys lots of mud spas and dog runs.

Nina

Nina is coping well with Cushing disease. She absolutely loves her meals and is a big fan of treats but this is heavily controlled due to her health.

Elizabeth

Elizabeth has since passed on in her foster home. She enjoyed home life in the last few months of her life. We thank everyone who supported this old damsel.

Bullet

Bullet has had a tough end of year due to the storms. We do find that he copes better now and opts to snooze through storms instead of trembling or destroying.

Elvis

Elvis has been far more active of late. This has helped with a successful weight loss regime to prevent further problems with arthritis.

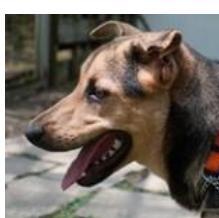

Fokker

Fokker has learnt quite a few tricks and does some very high level ones for high value treats. He is still picky with new volunteers and takes a while to warm up.

Bindy

Bindy is happy to be around the familiar faces she knows. She is adverse to change and we try to keep things constant so she is not overly anxious.

Gimmy

Gimmy has been feeling pretty frustrated of late due to the storms. She still remains active and enjoys dashing around with Dash.
