

CAS 'Bark & Purr' Update

Show Your Love...Adopt or Sponsor Our CAS Adoption Shelter Dogs & Cats

Arthos

Arthos is confident and energetic. He is the perfect walking buddy for someone looking for an energetic companion. He also loves the outdoors and having fun on a long leash.

Lila

Lila is still looking for a home to call her own. She is still adjusting to new handlers but adores being around other dogs and animals.

Primrose

Primrose is coping better in the new facility. Due to the fact that we are located on the second floor, she does not face the lightning and thunder in such an open air concept as before. She seems to have lesser anxiety and worry when it rains.

Mel

Mel has strangely warmed up further since the move. We hope she will eventually learn to walk on leash and be able to head out and enjoy some fresh air and green grass!

Ah Leng

Ah Leng has slowly adjusted to life in the new facility. She has taken a good one week to slowly increase her walking distance and head out for longer walks. We hope she will continue to thrive.

Harry

Harry is still rather aggressive towards strangers. He enjoys going on long walks with the humans he knows and trusts.

Courtney

Courtney loves long walks and outings. She is excellent on leash and loves going on adventures. Her favourite past time is snoozing under her bed and rolling in mud when the opportunity arises.

Dash

Dash is still a giant puppy. He loves playing fetch and playing with his squeaky toys. He loves rough housing with Gimmy and going on long walks.

Sandy

Sandy has made lots of friends this year and has opened up to more of our volunteers. She is also much better on her walks and enjoys going on longer walks with Courtney.

Sammy

Sammy has bounced back after Chemotherapy. He is doing well and enjoys his meals. He is also now a big fan of the sun and enjoys lazing on the grass or under the morning sun when the opportunity arises.

CAS Dog & Cat Updates – JUNE 2021

Jewel

Jewel has since found her forever home with Esther and Daniel. This lady has come a long long way and has finally found love in a forever home. We would like to thank Esther and Daniel for falling in love with this little aunty!

Nina

Nina has early stages of heart failure. She does enjoy her walks better now and loves her romps in the grass.

Elvis

Elvis' hind legs are weaker of late due to arthritis. He has been having difficulty standing on his own without any help. We hope he will be able to find a foster home to retire in.

Bullet

Bullet has been adjusting well to the new facility as well. He is less fearful when it rains and seems a lot more calmer when wet weather strikes. He is slowly getting used to walks around the new facility.

Bindy

Bindy has passed on recently due to an infection in her blood stream.

Fokker

Fokker is widening his pool of friends and gets on better with more volunteers now. He enjoys playing rough with Primrose and Mel.

Gimmy

Gimmy loves going on walks and rolling in the smelliest of things she spots. She still enjoys rough housing with Dash on a daily basis.

CAS Dog & Cat Updates – JUNE 2021

Lil John

Lil John is a shy boy who will thrive with a patient owner who would give him time. He's FeLV positive .

Oliver

Oliver is doing well under the care of Shindy, his foster mum. He is still a quirky character and would take a very special cat person to give him a home!

Siam

Siam is still well cared for by Felicia and her mum. She remains in foster care due to her respiratory issues.

Emma, Leia, Marlin & Maggie

Emma is the intelligent cheeky mother who is very bonded to Leia. The mother and daughter pair needs to go home together .

Marlin and Maggie are gentle and sweet cats and best to head to a forever home together.
